Dear American Citizen:

The enclosed affidavit is proof that you acquired from the *Save-A-Patriot* Fellowship a video presentation entitled "***Just The Facts***". This document could be very important to you in the future, as it shows the date on which you acquired this video presentation.

The importance of this is, **if you are criminally prosecuted by the Internal Revenue Service for the year that you acquired this presentation, or any year thereafter, the presentation becomes a MATERIAL FACT and cannot, as such, be prevented from being introduced as evidence during the trial.** This means that a petit jury charged with the duty of judging the facts of your willfulness **cannot be prevented by the judge from viewing this video presentation.** This is according to the Federal Rules of Evidence and recent United States Supreme Court decisions.

By now you have most likely viewed these video tapes for yourself. **Do you think that the Internal Revenue Service would want the jury exposed to the information that they contain?** Neither do we. In fact, we believe that when word gets around that there will be an increased probability of a jury viewing "***Just The Facts***," the Internal Revenue Service will probably be very reluctant to seek the prosecution of Patriots who possess this video presentation. What do you think?

We sincerely hope that you have found the presentation informative and entertaining. If you have any Patriot friends that may not be aware of this valuable tool for defending their ***Individual Liberty***, you might consider sharing this information with them. I'm sure they will be forever grateful. Don't delay, take advantage of this opportunity to strike a mighty blow for the ***Cause of Liberty***.

If we can be of any further service, please let us know. Yours in and for ***Liberty***,

John Baptist Kotmair, Jr.,  
Fiduciary for *Save-A-Patriot Fellowship*
